

Cube Conquest

Event Type:

Solo Event

Description:

Cube Conquest is a fast-paced, 3D strategic board game that reimagines Tic-Tac-Toe as a battle fought simultaneously across all six faces of a cube. Simple to learn, brutal to master.

The Core Twist: Players share a single, limited pool of pieces across all six sides. Placing too many on one face leaves you vulnerable on another; pulling a piece back to save a losing side risks breaking a winning arrangement elsewhere. Every decision ripples across the entire cube.

Agenda:

Conquer all six faces of the cube by outmaneuvering opponents in simultaneous 3D battles until one player remains.

Overview & Event Structure:

- Cube Conquest is a three-round speed-solving competition where participants advance until the Mirror Cube final decides the winners.
- Round 1: Features the 2x2 cube and Pyramid puzzles, where a time cutoff determines who advances.
- Round 2: Advancing competitors solve a 3x3 Rubik's Cube and complete a pattern challenge on the 3x3.
- Round 3 (Final): The top cubers from Round 2 compete on the Mirror Cube, and the fastest time wins.

Registration & Eligibility

- The event is open to students with a valid college ID, including permitted guest colleges.
- Competitors must report to the venue at least 30 minutes before their scheduled slot.
- Participants are only allowed to use their personal cubes if they pass an equipment check by the judge beforehand.

General Rules

- Each cuber gets exactly 1 attempt per sub-round.
- Participants get 15 seconds of inspection time before every solve. The cube can be held and turned, but no moves can be made during this time.
- Organizers provide identical scrambles for all competitors in the same group.
- The timer starts when the cuber lifts both hands off the puzzle or timer pad, and stops when both hands are placed back down.
- The puzzle must be fully solved or in the required pattern when the timer stops. Visible errors count as a Did Not Finish (DNF).
- Rankings are determined by the best single time, and the judges' decisions are final.

Penalties & Disqualification

Situation	Result
Puzzle not solved or not in the required pattern at stop	DNF (did not finish)
Inspection goes beyond 15 seconds	+2 seconds added to the time
Inspection goes beyond 17 seconds	DNF
Touching or turning the cube during inspection	DNF
Cheating, using an unauthorised puzzle, or disrupting others	Disqualification from the event

Equipment:

- Organizers supply all competition puzzles, timers, and scramble cards.
- Personal cubes cannot be used in the main rounds unless allowed in advance by the judge.
- Practice puzzles will be available at a designated location before the event.

Code of Conduct, Prizes

- Competitors must be respectful to judges, volunteers, and other participants.
- Spectators must stay behind marked lines, and no one may talk to or coach a cuber while they are competing.
- Prizes will be awarded for 1st, 2nd, and 3rd place.
