1. BGMI/Battlegrounds Mobile India

Event Type:

Team Event

Team Size:

4 members per Squad

Description:

Battlegrounds Mobile India (BGMI) is a premier battle royale mobile game developed and published by Krafton exclusively for Indian players. Up to 100 players parachute onto diverse terrains, such as Erangel and Miramar, scrambling to loot weapons, armor, and tactical supplies. As the playable zone relentlessly shrinks, players must outmaneuver rivals through sharp shooting, calculated positioning, and coordinated teamwork to survive and claim the coveted "Winner Winner Chicken Dinner."

Beyond the standard classic matches, BGMI provides a wide variety of experiences, including rapid Team Deathmatches, Payload encounters, and rotating themed event modes. The game features localized events, cultural festivals, and extensive cosmetic customization spanning character outfits, vehicle skins, and weapon finishes. BGMI stands as a cornerstone of India's mobile esports ecosystem, drawing millions of competitive players and casual squads nationwide.

Agenda:

To promote campus teamwork, strategic thinking, and healthy competition while uniting students through a fun, high-energy gaming experience.
