Champion Rush — Final Format:

- Threshold Requirement: A team becomes eligible to win the tournament once it crosses 110 total points.
- Match-Point Booyah: After reaching 110 points, the eligible team must secure a Booyah in the immediately following game to claim the championship.
- Extended Contention: If the team with 110+ points fails to secure Booyah, the Champion Rush continues and other teams remain in contention.
- No Fixed Cap: The finals continue until a team fulfills both conditions simultaneously: reaching 110 points and securing Booyah in the next match. Kills (+1 pt) and placement points continue accumulating.

- Bug & Exploit Abuse: Point deduction, match forfeiture, or disqualification.
- Account Sharing / Smurfing / Match Manipulation: Immediate Disqualification and tournament ban.
