

Innovation Fair

Rules & Regulations

Event Type:

Individual or Team Event

Team Size:

1 to 4 members per Team

Description:

The Project Exhibition is an academic and technical event where students showcase their original, self-developed projects and models. Participants demonstrate practical engineering concepts, innovative solutions, and scientific methodologies through live demonstrations, poster exhibits, and technical presentations.

The event provides an engaging environment for participants to present their work to visitors and an expert evaluation panel. Teams are assessed on originality, relevance, technical depth, and overall demonstration, encouraging collaborative learning and practical problem-solving across disciplines.

Each exhibited project must be fully safe for interaction and developed directly by participating students, reflecting genuine effort, teamwork, and technical understanding.

Agenda:

To encourage student innovation, practical application of scientific concepts, and creative problem-solving through collaborative project demonstration.

General Instructions:

- **Participation Format:** Participants may register and compete individually or form teams of 1 to 4 members.
- **Originality of Work:** All exhibited projects must be completely original, authentic, and developed directly by the participating students.
- **Reporting & Attendance:** Participants must complete all registration formalities and report promptly at the designated time and exhibition venue.
- **Resources & Equipment:** Participants are solely responsible for arranging, carrying, and managing all required materials, equipment, and presentation resources.
- **Station Availability:** Each team must remain actively present and available at their assigned display space throughout the entire evaluation period.
- **Conduct & Cleanliness:** Participants must maintain discipline, area cleanliness, and exemplary professional conduct throughout the exhibition.
- **Demonstration Safety:** All projects, prototypes, and equipment must be completely safe for live demonstration and public interaction.
- **Authority of Directives:** Participants must strictly comply with all instructions and guidelines issued by the organizing committee and judges.

Competition Platform:

- **PowerPoint:** Utilized for project presentation slides, structured overviews, and oral project presentation delivery.
- **Canva:** Utilized for designing project display posters, visual templates, technical infographics, and overall visual presentations.
- **Other Appropriate Tools:** Participants are permitted to utilize any suitable specialized software, platforms, or tools relevant to their project demonstration.

Judging Criteria:

- Innovation & Creativity: 20%
- Scientific Concept: 20%
- Relevance & Significance: 15%
- Methodology & Technical Approach: 15%
- Practical Application: 15%
- Presentation & Explanation: 10%
- Teamwork: 5%

Total Evaluation Weightage: 100%

Fair Play:

- Honesty & Fairness: All participants must compete with integrity, honesty, and professionalism.
- Anti-Plagiarism: Copying, plagiarism, or presenting another person's work as your own is strictly prohibited.
- Non-Interference: Participants must not tamper with, damage, or interfere with another team's project.
- Data Integrity: Misrepresentation of project features, results, data, or contribution is not permitted.
- External Aid: Participants must not use unfair external assistance to gain an advantage during evaluation.
- Code of Conduct: Respectful behaviour towards participants, judges, volunteers, and visitors is mandatory.
- Disqualification: Any violation of fair-play rules may lead to immediate disqualification.

Evaluation:

- Binding Decision: Judges' decisions will be final and binding on all participating teams.
- Questioning & Defense: Participants may be asked questions regarding their project during evaluation.
- Dispute Settlement: In case of any dispute, the organizing committee's decision shall be final.

Important: All participants are expected to maintain professionalism, respect other teams, and contribute towards a fair, safe, and engaging exhibition.
